Charity care

Harborview provides comprehensive care to patients from all walks of life as part of its mission. In fiscal year 2016, Harborview provided \$64 million in charity care.

History

In 1877, Harborview was founded as the six-bed King County Hospital in South Seattle. In 1931, it moved to its present location overlooking Puget Sound and its name was changed to Harborview Hospital, now known as Harborview Medical Center. UW Medicine's management of Harborview has enabled the hospital to become a leading academic medical center, and new facilities have been added with support from voter-approved bond projects and Harborview reserve funds. The Norm Maleng Building opened in 2008 and the Ninth & Jefferson Building opened in 2009.

FY2016 STATISTICS

Licensed beds: 413
Employees: 5,200
Admissions: 16,969
