

MEET OUR TEAMS

Advanced Registered Nurse Practitioners (A.R.N.P.s) and Physician's Assistants (P.A.s)

At the UW Medical Center Otolaryngology - Head and Neck Surgery Center, one of the most vital links in our multidisciplinary team is our staff of advanced registered nurse practitioners (A.R.N.P.s) and physician's assistants (P.A.s). Licensed by the state of Washington as comprehensive health-care providers, our A.R.N.P.s and P.A.s are specially trained at the masters-degree level in health assessment, diagnosis, pharmacology, and clinical decision making.

Advanced Registered Nurse Practitioner
Head & Neck Oncology

LARAYNE OLSON, M.S.N., A.R.N.P.

Advanced Registered Nurse Practitioner
Otology
General Otolaryngology

(over)

Speech Language Pathologists

The Speech Language Pathology team at the UW Medical Center Otolaryngology - Head and Neck Surgery Center works in concert with the laryngologists to assess and treat voice, swallowing and dynamic breathing disorders. Our speech language pathologists are specially trained in laryngology and hold a masters degree in Speech Pathology as well as state licensure and national American Speech-Language-Hearing Association certification.

They assist our laryngology team with initial evaluation to determine whether voice, breathing or swallowing treatment is needed, and then see patients independently for treatment. Their practice methods are state-of-the-art techniques based on the latest research, providing the best care for patients.

GINGER HAMILTON, M.S.

Speech Language Pathologist
Voice and Swallowing Disorders

**PATRICIA WAUGH,
M.S.P.A.**

Speech Language Pathologist
Voice and Swallowing Disorders

JULI ROSENZWEIG, M.S.
