Sponsored By Harborview Medical Center and Airlift Northwest

EMS & TRAUMA CONFERENCE

Sept. 25–26, 2017
DOUBLETREE HOTEL SEATTLE AIRPORT, SEATTLE, WA
Sponsored By Harborview Medical Center and Airlift Northwest
INTRODUCTION:
This two-day, multi-disciplinary conference is sponsored annually by Harborview Medical Center and Airlift Northwest. Harborview is the designated Level I trauma center for Washington state as well as the trauma and burn referral center for Washington, Alaska, Montana and Idaho (WAMI).

The conference highlights current issues in trauma care throughout the continuum: pre-hospital, emergency, critical care, acute care and rehabilitation. Nationally recognized speakers and local experts in trauma care will present topics pertinent to nurses, physicians, paramedics, social workers, program managers and other healthcare providers.

COURSE OBJECTIVES:
1. Identify critical concerns in the continuum of care for adult and pediatric trauma patients and describe situations where triage to higher levels of care may be indicated.
2. Discuss new modalities and cutting-edge advances in trauma care in both pre-hospital and hospital environments.
3. Identify recent evidence to answer questions of trauma care previously only practiced by tradition.
4. State the principles of effective disaster management and patient triage during response to a mass casualty incident.
5. State legislative, community-based and individual strategies to reduce the incidence of firearm injuries.

AUDIENCE:
The conference is recommended for all healthcare and pre-hospital providers.

**PRE-CONFERENCE COURSES**

**Friday & Saturday, September 22 & 23, 2017**

**Advanced Trauma Life Support (ATLS)**

ATLS will provide you with a safe and reliable method for immediate management of injured patients. The course teaches how to assess a patient’s condition, resuscitate and stabilize, as well as determine if the patient’s needs exceed a facility’s capacity. It also covers how to arrange for a patient’s inter-hospital transfer and assure that optimum care is provided throughout the process.

- To register or for questions, email Maria Paulsen at mruoff@uw.edu
- Registration fee: $850

**Advanced Trauma Care for Nurses (ATCN)**

ATCN is an advanced course designed for the registered nurse interested in increasing his/her knowledge in management of the multiple trauma patient. The ATCN course is taught concurrently with ATLS.

- To register or for questions, email Clinical Education at clined@uw.edu or call 206.744.6396
- Registration fee: $350

**Sunday, September 24, 2017**

**Disaster Management & Emergency Preparedness (DMEP)**

The DMEP course teaches planning methods, preparedness and medical management of trauma patients in mass casualty disaster situations. Through lecture and interactive scenarios, healthcare providers learn incident command terminology, principals of disaster triage, injury patterns and availability of assets for support during the one-day program.

- To register, visit uwmedicine.org/dme
- For questions, email Maria Paulsen at mruoff@uw.edu
- Registration fee: $150

**ADDITIONAL EDUCATIONAL OPPORTUNITIES**

The conference will be held at the DoubleTree Hotel Seattle Airport. A block of rooms at a discounted rate have been set aside for attendees of this conference. To reserve a discounted room at the DoubleTree, please call the hotel by September 1, 2017 and identify yourself as an attendee of the UW Medicine EMS Conference. After this date, rooms will be released to the general public.

**DIRECTIONS FROM I-5 NORTHBOUND OR SOUTHBOUND**

Take exit #152 (188th Ave). The hotel is located one mile west of I-5 on the corner of 188th and International Boulevard.

**DIRECTIONS FROM SEATTLE-TACOMA INTERNATIONAL AIRPORT**
