This form contains facts you should know about your health care at UW Medicine and from Children’s University Medical Group, University of Washington Dentists and Oral Surgeons, and Seattle Cancer Care Alliance. If there is any part of this form that is unclear you can ask questions about it. At the bottom of the form there is a place for you to sign your name so that we know you have read this form (or had it read to you) and agree to receive health care from us.

UW Medicine includes:

- Harborview Medical Center and Clinics
- University of Washington Medical Center and Clinics
- Airlift Northwest
- UW Medicine Neighborhood Clinics
- Hall Health Primary Care Center
- UW Physicians

Your health care team consists of medical doctors, doctors in training (residents and fellows), nurses, other health care professionals, and students of the health sciences. They will work together to diagnose and treat you. You will have an attending physician. This is the doctor who has primary responsibility for your care.

Photographs, videotapes, or other images of you may be used to keep a record of your care and treatment (including surgery). These images may become part of your medical record. Part of your care may take place through telemedicine technology, which may mean 1) live video between your care team members (in which you also may be involved), or 2) “remote” review by your care team of the images described above.

**SIGNATURE**

By signing below, it shows that you have read this document and agree to receive health care from UW Medicine. If there is any part of this form that is unclear, be sure to ask questions about it.
