UWSOM SUMMER Prematriculation Program

Tuesday, July 5th— Friday, July 8th 2022

**Deadline:
May 15th**

Hosted by the Office for Academic, Rural, and Regional Affairs the PreMat program is for incoming medical students from backgrounds underrepresented in medicine and those who have been away from a structured academic setting for 2+ years. This year's program will be held virtually.

What:

Over the course of one-week PreMat serves as a scholastic enrichment program that facilitates students' transition to medical school by providing academic and social support and an early introduction to UWSOM resources. The format will include online lectures, experiential learning, resiliency and support networking.

When:

Program content consists of an introduction to our Molecular and Cellular Basis of Disease course with lectures that include basic sciences and clinical correlations. Afternoon sessions focus in on health issues central to medically underserved populations.

Cost:

The program will run **Tuesday, July 5th through Friday, July 8th, 2022** with a virtual welcome scheduled on **Thursday, June 30th, 2022**. Participants should expect to spend 4 to 5 hours each day in sessions and attendance is required. It may not be feasible for students to have employment or other commitments while enrolled in the PreMat Program, please reach out to Program staff regarding potential conflicts.

There are no tuition costs to participate in the PreMat program.
